The New Evangelization—this is personal!

"The new evangelization is not a matter of merely passing on doctrine but rather a personal and profound meeting with the Savior."

_Pope John Paul II_

Jesus says to those who desire to meet him profoundly and personally:

"Come and you will see!" [Jn 1:39]

When we come and see, Christ fosters such a joy for our faith and love for Christ that our lives are inherently changed and charged with new life.

“To evangelize means: to reveal the path to happiness—to teach the art of living.”

_Pope Benedict XVI_

This “art of living” is fully living the joy of one’s relationship with Jesus Christ and then sharing that joy for the sake of others.

We need bearers of Christ’s joy for our “Committee for the New Evangelization” who will embrace our Catholic “art of living” to share with others.

“Come and you will see” Information Night on the Committee for the New Evangelization, Wednesday, October 3 at 7 PM in the ministry center.
